

# THE NATIONAL EQUESTRIAN SURVEY 2023

**The National Equestrian Survey is conducted by the British Equestrian Trade Association every four years.**

**It reports on the size and shape of our industry, providing such key data as the number of regular riders and the contribution the industry makes to the national economy.**

**The full publication consists of four part:**

- **Overview report**
- **Structural report**
- **Feed & Bedding report**
- **Horse & Rider Clothing and Saddlery report.**

**Available to order from April for delivery in July 2023.  
For more details and prices contact BETA office.**
