

TALK EQUINE

WITH THE HORSE TRUST

Do you work in the equine industry or with horse owners?
We provide a comprehensive series of evidence-based webinars,
whatever your professional role.

CLINICAL ANIMAL BEHAVIOUR CASE STUDY

Case studies demonstrating how registered behaviourists work as part of the vet-led team to assess and treat real-life behaviour problems.

Next webinar:

22nd MAY | 7:30PM

Advanced registration
£10

RESEARCH

Delivered by the researchers themselves, with a focus on improving equine wellbeing using clinical outcomes from research funded by The Horse Trust. Webinars include methodology, results and take-home messages for professionals.

Next webinar:

13th MARCH | 7:30PM

FREE

HEALTH AND BEHAVIOUR

Health and behaviour webinars provide an evidence-based understanding of how various aspects of a horse's health can impact their behaviour.

Next webinar:

17th APRIL | 7:30PM

Advanced registration
£10

Keep your knowledge current and develop in your professional role.
